2. Melyik számra gondoltam a megoldások közül? Haladj állításról állításra!

- A számjegyek összege több, mint 10.
- Az ezresek helyén álló szám nem páratlan.
- Az ezresekre kerekített értéke 7000.
- Kisebb százás számszomszédja a 6500.

Megoldás: **6 6 0 0**

Ügyesen dolgoztál! Válassz jutalommatricát, és ragaszd ide!
